Wisconsin Public Service Corp.; Notice of a Public Meeting in Crivitz, Wisconsin To Discuss Staff's Multiple-Project Draft Environmental Impact Statement (DEIS) for the Peshtigo River Hydroelectric Projects

June 21, 1996.

The staff of the Federal Energy Regulatory Commission (Commission) has prepared and issued a DEIS evaluating the environmental impacts that would result from relicensing the following six existing hydropower projects owned and operated by the Wisconsin Public Service Corporation on the Peshtigo River in Marinette County, Wisconsin: the Caldron Falls Project, No. 2525; the High Falls Project, No. 2595; the Johnson Falls Project, No. 2522; the Sandstone Rapids Project, No. 2546; the Potato Rapids Project, No. 2560; and the Peshtigo Project, No. 2581.

The subject DEIS describes and evaluates the site-specific and cumulative impacts of relicensing the six projects with the adoption of the following alternative actions: (1) continuing the terms of the original licenses (the non-action alternative); (2) mandating the applicant's proposed peaking operations, minimum flows, and recreational enhancements; (3) requiring the licensee to undertake the resource agencies' recommended year-round run-of-river operation, fish passage facilities, and land management measures; and (4) implementing staff's recommended seasonal run-of-river operation, minimum flows, fisheries enhancement plans, comprehensive land management plan, and additional public access facilities.

DEIS Meeting

The FERC staff will conduct one public meeting at which it will: (1) summarize the findings, conclusions, and recommendations of the subject DEIS; (2) respond to questions raised by meeting attendees; and (3) obtain public input on the DEIS provided by local residents, representatives of environmental organizations and Indian tribes, and technical personnel from state and federal resource agencies.

The meeting will be held from 7:00 P.M. until 10:30 P.M. on Thursday, August 1, 1996, in the Crivitz Town Hall, located at 800 Henrietta Avenue in Crivitz, Wisconsin, 54114.

Meeting Procedures

The meeting, which will be recorded by a stenographer, will become part of the formal record of the Commission's

proceeding on the Peshtigo River projects. Individuals presenting statements at the meeting will be asked to sign in before the meeting starts and identify themselves for the record.

Concerned parties are encouraged to provide their opinions during the public meeting. Speaking time allowed for individuals will be determined before the meeting, based on the number of persons wishing to speak and the approximate amount of time available for the session, but all speakers will be permitted at least five minutes to present their views.
